

AGILE INTERNATIONAL LLC

Oxygen Generating Machinery

Engineering ★ Operations ★ Consultancy

Capability Statement

www.agilemedicals.com

Agile International LLC provides engineering, operations and consultancy services in the medical oxygen sector to private and public entities. We focus, primarily, on international clients located in regions lacking in both technical expertise and ready access to medical oxygen. We bring extensive and proven wealth of knowledge and experience to provide affordable and sustainable on-site medical oxygen production through a long-term partnership framework with our clients.

CAGE: 984U5

DUNS: 118459725

UEI: FH9LTMEU83T6

SBA Registered ★ Minority Owned
Certified by the State of South Carolina

Company Goal:

Our goal is to become the preferred consultant in the engineering, acquisition, operations, and management of on-site medical oxygen production facilities for our clients worldwide.

Contact Information:
